Total District Membership	91	669	546		138	

Greetings are extended to the Leadership of the Ninth Episcopal District. A word of special thanks is offered to the conference presidents and their helpers who contributed to the compilation of this Ninth Episcopal District Statistical Report. It gladdens my heart to know that we have such fine leaders in the Ninth Episcopal District who strive to make the District stronger and committed to doing God's work. I am especially thankful for having this opportunity to serve as the historiographer/statistician. It has truly been an educational experience and a joy to work with such a fine group of individuals.

Thanks to President Susie Bonner for trusting me to organize this report for the good of the body for which I serve. I look forward to continued work with each conference and the leadership; and may we all come together for the common cause of spreading God's word. Numbers tell a story, but it's the people reporting the numbers who make them believable.

To God Be the Glory!

In His Service,

Charlie M. Lassiter
 Historiographer/Statistician
