Bishop Julius Harrison McAllister, Jr., Presiding Prelate

We are called to strengthen our faith and sent to continue the ministry of Jesus Christ by service and witness in the world.

Greetings Missionaries,

It is my sincere hope and prayer that this summer season has begun well for each of you!

As we approach this season with vacations, much needed rest and relaxation, we must remember that only what we do for Christ will last. Our work as Missionaries continues and is great. God has called each of us as for a time such as this.

Many thanks to each annual Conference for wonderful Institutes. Each day was planned meticulously and with great thought. It was my pleasure to see you all in your respective conferences.

Additionally, be sure to register yourselves and our young people for our upcoming CEC in Huntsville. The planning committee has worked tirelessly to plan and organize quality programming!

As we begin preparing for the upcoming series of annual conferences, what gifts will you use this year to bless others? In order to move missions forward we have to engage God's people in a more unique way. Ask yourself: What have I done to help with Kingdom Building? What resources have I found to support our missions projects? Where am I serving God's people?

Let us continue to do God's work in a more excellent way. Let us not grow weary in doing His will. Thank you Lord for the energy you provide. As we go move missions forward together, do so knowing that God's Grace is sufficient to get the job done!

Continued Blessings!

Supervisor Deana Young McAllister

Greetings,

Thank you, 9th Episcopal District Women's Missionary Society, for your continued dedication, compassion, and unwavering commitment to service. Your presence and work make a powerful difference in the life of the Church and the communities we serve.

As we move through this significant season, we pause to remember the **Emanuel Nine**—innocent lives taken in a house of worship, whose legacy of faith, forgiveness, and courage continues to inspire our mission. We also observe **Gun Violence Awareness Month**, lifting prayers for peace and advocating for change in every space where violence seeks to steal life and hope.

In recognition of **Men's Health Month**, we encourage the men in our lives to care for their whole selves—mind, body, and spirit—knowing that our communities are strengthened when we all prioritize wellness.

We joyfully recognize and celebrate our **Associate Members**, whose faithful service and support continue to be vital in helping us **move missions forward** with strength and unity.

We are also **looking forward to seeing each of you during our Christian Education Congress**, where we will gather as learners, leaders, and laborers in the kingdom. May this time together renew our spirits and sharpen our focus for the work ahead.

Let us press on together—as a **mission-minded movement**, rooted in love, driven by purpose, and committed to impact—locally, globally, and spiritually.

In Christ's love and service,

Sherryl Whiting

The banner for the 2025 Christian Education Congress features a dark red background with gold and white text. On the left, a circular logo for the Ninth Episcopal District is visible. Below it, a photo of Bishop Julius Harrison McAllister Jr. and Mrs. Deana Young McAllister is shown. The main title '2025 CHRISTIAN EDUCATION CONGRESS' is in large, bold, gold letters. Below it, the subtitle 'CHRISTIAN EDUCATION IN REAL TIME: Connecting Our Faith to Our Culture' is in white. A quote from Acts 5:42b NIV is centered. The dates 'June 30, 2025 - July 3, 2025' are prominently displayed. At the bottom, the host 'Alabama A&M University' is listed with its address. On the right side, six circular portraits of speakers are arranged in two rows, each with a caption below it.

YPD Initiative:
At-Home Library

****Research Overview**:** Studies have consistently shown that children who reside in homes with extensive home libraries tend to read more frequently, develop advanced reading skills, and achieve higher levels of education compared to their peers who have limited access to books. This correlation remains significant even after accounting for variables such as parental education levels. Notable research conducted by Crook (1997), de Graaf et al. (2000), and others (including Georg, 2004; Park, 2008; Teachman, 1987) highlights the positive impact of book availability on children's literacy development and educational attainment.

****Rationale for the Initiative**:** The primary objective of this initiative is to enhance a literacy-rich environment in homes, particularly in economically challenged households. By providing access to a diverse range of books, the program aims to foster a love for reading among children, thereby helping to bridge the reading gaps that often exist in underserved communities.

****Program Goal**:** The initiative seeks to empower designated students by supplying them with age-appropriate books to establish an at-home library. This approach is designed not only to enhance individual literacy skills but also to promote lifelong reading habits.

****Distribution Plan**:** Each conference will coordinate the procurement and distribution of books, ensuring that a local Title 1 school is selected in collaboration with the Episcopal District Young People's & Children's Division (YPD) Director, the Conference Director, and the Connectional Literacy Chairperson. The distribution will consist of five carefully chosen books, one tote bag for easy transport, and a bookmark to encourage reading.

****Grade-Level Assignments for Book Provision**:** The conferences will supply books tailored to the specific educational needs of students based on their grade levels:

- ****Alabama River Region**** – Kindergarten
- ****Northeast Alabama Conference**** – Second Grade
- ****Northwest Alabama Conference**** – Third and Fourth Grades
- ****Southeast Alabama Conference**** – Fifth Grade
- ****Southwest Alabama Conference**** – First Grade

****Initial Support and Future Funding**:** The Episcopal District YPD Director will contribute the initial set of tote bags for this initiative, marking the first step in the program's rollout. To ensure sustainability and the continued success of the at-home library program, plans are in place to seek additional support through donations from private individuals and businesses, as well as various available grants. This proactive approach will help secure the necessary resources to expand and enhance the literacy opportunities for children in the community.
